

Building Community with the Community

TRUST Inc initiatives strengthen community for all ages! Our initiatives include;

- Health & Wellness
- Social Action
- Community Enrichment
- Food Sustainability
- Neighborhood Investment

TRUST Inc believes these initiatives help build stronger community. This is especially important as we help alleviate isolation and loneliness for clients, neighbors and friends.

TRUST Inc provides programs, classes, meals, education, concerts, theatre, office volunteering, small business markets and social events throughout the year. Our goal is to build community with the community and partner with others along the way!

Volunteer with TRUST Inc

TRUST Inc is a small non-profit that can make a bigger impact in our community with volunteers – like you! We are currently in need of volunteer transportation drivers, chore home workers and initiative volunteers.

Who is TRUST Inc?

TRUST Inc is a non-profit organization based in South Minneapolis that unites and mobilizes community partners to serve and empower our neighbors. It was formed in 1970 by communities of faith seeking to make a positive impact on the changing community. Today, we have a diverse group of alliances and community partners who work in tandem to bring change through our service programs and community initiatives.

We are committed

TRUST Inc provides services that enhance people's dignity, safety and well-being through collaboration among south Minneapolis partners. TRUST Inc listens and responds to the needs of our neighbors by providing community action, service and neighborhood development. We are dedicated to serving all people with diversity, equity and inclusion in our care and compassion for others.
